

Glenridge has been a committed partner with iThemba Lethu since its inception in 2001. Every person that adds their heads, hearts and hands to reducing vulnerability in babies, children, young people or families in Durban, South Africa helps to bring greater healing and restoration.

The heart and purpose is to bring hope through God's destiny for vulnerable and orphaned babies, children and youth threatened by the effects of HIV/AIDS, by building resilient and permanent families through reunification, adoption and life skills education.

HOW CAN YOU HELP?

Financial Support

Commit to giving R250 per month for a year.

Practical Support

Donate goods monthly from a provided list of daily needs.

Time

Volunteer your time at the transition homes.
